SAMPLE ASSESSMENT FOR COURSE OUTCOMES CRITERIA

Keyboard application skills listed above will be assigned each class, and it is expected that the student prepare for these prior to the following session, or as assigned by the instructor.

Quizzes are given during the first session of the week and will count 50% towards your final grade. There will be approximately 6-7 playing “quizzes” throughout the quarter each worth ~7-8% towards your final grade.

The final exam is conducted in such a way that each student is allotted a time slot (~10 min.) to play through their exam. Testing will be conducted in the instructor’s office. Students must pass the final in order to pass the course.

15% of your final grade is determined by your attendance, participation, progress and attitude in the classroom. The instructor values each student in the class, and it is encouraged that students actively participate in live performances, engage in discussions, complete all assignments and contribute to the class as a whole.

Weekly Quizzes/Ensembles - 50%  Final Exam - 35%  Progress & Attitude - 15%
